Student Community Service

—Minimum 30 hours per school year

Service hours for each school year must be completed and turned in to the school office before the end of May of each school year. Hours may be started in the summer months and applied to the upcoming school year (September-May). Please be sure your supervisor signs this form for hours completed and make a copy for your records. You may need additional forms for other service sites. Also, please be sure to get approval from your teacher/mentor for your chosen community service.
